### CARRIE HUBER KING

Leaves her friends to fall And flowers to wither at the North wind's breath. And stars to set; but Thou Hast all season for Thine own.

O. A deep gloom of sadness spread over the community last Saturday night when word went out that Carrie Huber King was dead.

On Sunday March 12th, Mrs. King gave birth to a baby girl and in a few hours more than one week this home, with four little ones, was bereft of a loving mother's care, by the hand of Death. Carrie Huber King, daughter of Mr. and Mrs. William Huber was born in Wauseon June 28th, 1889, died March 19th, having reached the age of 26 years, 8 months and 20 days. She grew to womanhood in our midst and was educated in the Wauseon public schools developing a beautiful and noble character.

On October 1st, 1908, she was united in marriage to Mr. Freeman King of this place and to this union were born four children, two boys and two girls. Huber Newman, Elwood Joseph, Louella Florence and Frances Elaine. Shortly after her marriage she removed with her husband to a farm near Windham, Ohio, where they resided until last December when they returned to Wauseon, residing on East Oak street until her death.

Shortly after going to Windham, she united with the Methodist Episcopal church at that place of which she remained a faithful member until the end.

Besides the four children she leaves a heartbroken husband, father, mother and brother who have the deepest sympathy of the entire community in this time of great sorrow. There also remains a large number of other relatives, and friends in legion, who mourn her sad demise.

The funeral services, attended by a very large concourse of friends, were held at the Methodist church Tuesday afternoon at 2 o'clock conducted by the pastor, Rev. O. P. Hoffman after which the remains were tenderly laid to rest in the Wauseon cemetery.

We also wish to thank Mr. and Mrs. Edgar in their kind and generous services through all the most difficult hours. Thank Rev. Hoffman for his deep and powerful sermon, may God's choicest blessings be with you one and all.

MR. AND MRS. Wm. HUBER.

### DEATH OF HARRY H. THWING.

Word was received late last Wednesday by Mrs. Eliza Robbins of the death of her nephew Harry H. Thwing a former Wauseon boy.

Harry H. Thwing was born January 30, 1869, at Martinsville, Indiana and died in La Salle, Illinois March 15, 1916. On account of the death of his mother when he was eleven months old he and his brother were adopted by Mr. and Mrs. Jason Abbott, Mrs. Abbott being the mother of Mr. and Mrs. Abbott moved to Wauseon while the boys were still young and cared for them until they were of mature age.

Harry was of a kind, loving disposition and was loved by all who knew him best. He entered the telegraph service of the Lake Shore road and shortly was operator at Swanton, O., and was the youngest operator on the Lake Shore at that time. He was married to Minnie Deck, of Swanton, while there and was later transferred to yard and dispatchers' offices in Toledo. After several years in this position his health failed and he went west to his brother O. O. Thwing in the employ of the Lake Shore at St. Louis, Mo. The change of occupation immediately restored his health and after several years connected with the Lake Shore Company he was made superintendent of the Du Quoin, Illinois Gas Company and later of the La Salle, Illinois Citizens Gas Company. At the latter place he made record for his energy and efficiency in the manufacture of gas. The records being so astonishing that an investigating committee of the McKinley Syndicate was appointed to check up his results and after three days investigation by their experts his results were found to be correct.

In January and February the plants of the Gas Company were flooded on account of high water and the unremitting attention of Mr. Thwing in the effort to continue the operation of the plants resulting in exposure, loss of sleep and fatigue undoubtedly laid the foundation for his final illness. He was faithful to all duties that came to his hand and did not stop to consider the consequence of fully performing them. He was raised in the Methodist faith. He is survived by his widow, a son, Guy Orrell Thwing, a brother, Orrell O. Thwing, of Ft. Wayne, Indiana and an aunt, Mrs. Eliza Robbins. Funeral services were held in Toledo, Friday March 17, at the home of Mrs. Thwing's mother.

### NIA-WEBER.

Hark! Do you hear those wedding bells? Yes! They were set to ringing when Mr. Arthur C. Weber of Pettisville, came to Wauseon, and took for his bride Miss Hazel Nia, a well known and respected young lady, daughter of Mr. and Mrs. Joe Nia of East Superior street.

On Thursday evening, March 16th, the young couple made their way to the Evangelical parsonage where the wedding was in the presence of a large number of friends and a ceremony. As soon as the ceremony was over the bride and groom took the train to Toledo where they remained until Sunday afternoon.

On Monday evening, March 20th, the young people of the Evangelical church of which Mrs. Weber is a member, gave a miscellaneous shower for the new home and there were many beautiful and useful gifts.

After games and visiting the bride and groom treated their friends to ice cream and cake. Next and last was some special music and singing by all, then the friends started for home wishing Mr. and Mrs. Weber a happy journey through life. They will make their home at Pettisville.

### GRATIFYING ENDORSEMENTS.

The Model 83B Overland automobile received another gratifying mark of endorsement several days ago when Captain Louis L. Lane, the man who found Vilhjalmar Stansson, the Arctic explorer last summer, purchased an Overland car of that type, after a thorough investigation of its merits.

Stansson had been given up for lost when Lane, heading a searching party in a Government vessel discovered him quartered on Banks' Land and was the first to bring back news of the explorer's discoveries. Captain Lane, by reason of his perilous calling, is an expert of mechanics as well as a daring navigator, and that he should choose an Overland after a vigorous examination of its engines, equipment and construction is good proof of its stability.
